

SUMMARY

"Seeking an entry-level role as a Full-Stack Developer to apply and expand the technical knowledge I have gained during my studies at Yashwantrao Chavan Institute of Science, Satara. With a solid foundation in front-end and back-end technologies, I am a recent graduate eager to contribute to developing dynamic, user-centric applications and grow in a challenging and innovative environment."

Atharv Nikam

FULLSTACK DEVELOPER

I am passionate about building digital solutions that are both highly functional and user-friendly. I strive to develop applications that not only perform seamlessly but also provide an engaging and intuitive user experience.

CERTIFICATION

FRONT-END DEVELOPMENT CERTIFICATE PROSEWARE.

Issued by: Innovation computer Academy
JUNE 2024

- Covered HTML, CSS, JavaScript, and responsive design principles.
- Built portfolio projects, including a responsive e-commerce website and a dynamic single-page application.

OBJECTIVE

I am a highly motivated and results-driven full-stack developer seeking a challenging opportunity to leverage my skills and experience in a dynamic development environment. With a strong foundation in both front-end and back-end technologies, I excel at building robust, scalable, and user-friendly web applications. I am passionate about solving complex problems, staying updated with emerging technologies, and contributing to innovative projects that drive business growth. My goal is to deliver high-quality solutions that create value and exceed expectations.
