OBJECTIVE

I am a highly motivated and results-driven full-stack developer seeking a challenging opportunity to leverage my skills and experience in a dynamic development environment. With a strong foundation in both front-end and back-end technologies, I excel at building robust, scalable, and user-friendly web applications.

PROJECT

ONLINE CAR BOOKING SYSTEM.   OCT 2023-JAN2024

- Designed and developed a dynamic web application that allows users to browse, select, and book cars online. Implemented responsive web pages using HTML, CSS, JavaScript, and Bootstrap for seamless navigation across devices. Integrated PHP for backend logic, enabling secure booking management, user authentication, and database interactions. Enhanced user experience with interactive features, ensuring smooth functionality and accessibility.

Portfolio Website   AUG2024-OCT2024

- Developed a responsive personal portfolio website using HTML, CSS, and JavaScript.
- Implemented dynamic features like form validation and interactive elements.
- Deployed using [Hosting Platform] (e.g., GitHub Pages)
